

Tandhan Group Organised AI Workshop to Upskill Industry Professionals

Tandhan Group organized a 3-day AI Workshop at NX Hotel, reinforcing its focus on innovation and digital transformation.

The sessions covered AI fundamentals and hands-on learning with Claude AI and Gemini, exploring practical business applications.

The workshop reflects Tandhan's commitment to continuous learning and future-ready technologies.

Prachi Jalan as CII member in West Bengal Council

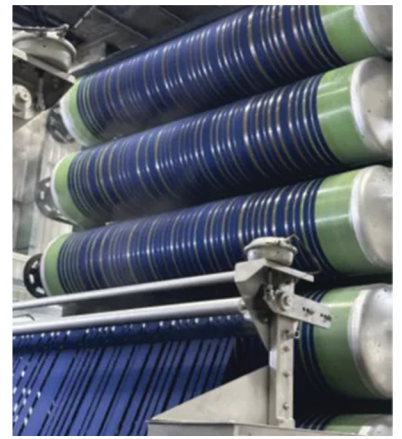

We are delighted to share that our Director, Prachi Jalan, has been elected as a State Council Member of the Confederation of Indian Industry.

This recognition reflects her leadership and commitment to industry impact.

Featured in Fibre2Fashion Magazine

Tandhan Denim has been featured in Fibre2Fashion Magazine, a leading global industry platform. The feature highlights our growing role in strengthening Eastern India's denim manufacturing ecosystem through scale, precision, and responsible practices.

NX|ELIT newest member of the NX family

Tandhan Group has launched NX|ELIT under its NX Hotel segment, adding a new property to its expanding portfolio. As a part of Tandhan Group, NX|ELIT reflects the Group's vision of delivering refined hospitality experiences with a focus on growth and excellence.

Myanmar team's Kolkata visit

We were delighted to host our Myanmar team in Kolkata for a memorable visit and collaboration. The visit included a city tour and an extensive plant visit, showcasing our manufacturing excellence. The interaction strengthened team bonding and reinforced a shared vision for future growth and partnerships.

Dhaka Power Traders at Rene Solar Exhibition

DPT participated in Rene Solar Exhibition, highlighting its growing presence in the energy sector. The event offered a platform to explore innovations, gain insights into renewable trends, and strengthen business connections.

Poila Baishakh Celebrations

Poila Baishakh was celebrated with great warmth across our offices and dealer network. Our Bangladesh office marked the Bengali New Year with joyful employee celebrations, capturing the festive spirit. Our automotive dealers also celebrated the occasion in their own way, strengthening relationships and community bonding. These moments reflect our shared culture and togetherness.

Tandhan Power Expands Global Footprint with Key Installations Across Myanmar, Afghanistan, Zambia, Kenya & Ras Al Khaimah

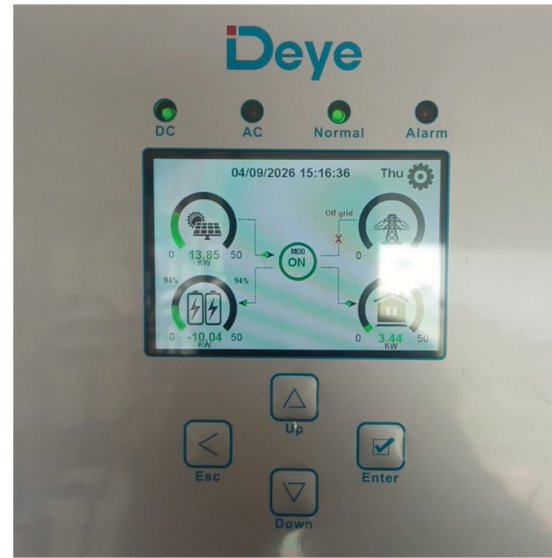

Afghanistan: Tandhan PAT has successfully delivered multiple solar installations across Afghanistan, including Paktika (Sharana), Kandahar, and Kabul. These projects span residential and commercial applications, powered by efficient inverters, lithium battery systems, and optimized solar panels. They reflect our commitment to reliable, scalable, and sustainable energy solutions in emerging markets.

Myanmar: Tandhan STK has successfully completed multiple installations in Myanmar, including Yangon and Thanlyin. These projects feature advanced inverter systems paired with high-capacity battery solutions, tailored for efficient and reliable power backup. The deployments reflect our commitment to delivering dependable energy solutions across international markets.

Zambia: Tandhan RPS has successfully delivered a 200kW solar project with 410kWh battery storage at Masaiti District Hospital in Zambia. This installation ensures reliable and sustainable energy for critical healthcare operations. It reflects our commitment to powering essential infrastructure across global markets.

Kenya: Tandhan SSS has successfully completed household power installations across Kenya, delivering reliable and energy-efficient backup solutions for residential applications. These installations reflect our commitment to expanding sustainable energy solutions across international markets.

Ras Al Khaimah: Tandhan PGT has successfully completed a 10kVA lithium battery power backup installation for residential use in Ras Al Khaimah. The project reflects our commitment to delivering reliable and efficient energy solutions across global markets.
