Tandhan DPT Expands Renewable Energy Footprint in Bangladesh

Tandhan DPT has successfully completed 6.5 kW on-grid hybrid solar system installations at BRAC Health Care Fulchori Gaibandha. These projects reflect the company's commitment to delivering sustainable, efficient, and reliable solar energy solutions for a greener future.

Empowering Field Technicians Through Solar Inverter Installation Training

Tandhan DPT organized a two-day Solar Inverter Installation Training Program for its field technicians to enhance their technical skills and practical knowledge. The training focused on modern solar inverter installation techniques, troubleshooting, and best practices through hands-on learning. This initiative will help strengthen after-sales service, ensure efficient customer support, and improve overall customer satisfaction.
